STATE, 3; GEORGETOWN, 2.

State went up in the air in the sixth and let in two runs, otherwise the game would have ended as it should—a shut out. Georgetown played a good game, but could not find the combination to Hilly's curves. There were no sensational features to the game, nevertheless it was a good game, a good example of clean college base ball. One of the surprises of the game was the way Hilly fanned out.

The hits by innings were as follows:

	1	2	3	4	5	6	7	8	9	Total
State	0	3	0	1	1	1	0	0	0	6
Georgetown	0	1	0	1	0	2	0	0	0	4

The errors by innings were:

	1	2	3	4	5	6	7	8	9	Total
State	0	0	1	1	0	2	1	0	0	5
Georgetown	1	1	0	0	1	0	0	0	0	3

The runs made:

	1	2	3	4	5	6	7	8	9	Total
State	0	2	1	0	0	0	0	0	0	3
Georgetown	0	0	0	0	0	2	0	0	0	2

THE STUDENT COMMITTEE.

President White has been trying for the past few weeks to organize a committee formed of the several officers of the four classes, and known as the Student Advisory Committee. It is his plan to have this committee meet once a month in conference with President White and to discuss the student affairs of the University. This committee will advise the President as to the needs of the University and the best way to better the conditions.

The committee will act as a connection between the faculty and the student body; the students will learn the professors' views on the important issues of the day, and the professors will in turn know what the students opinions are.

It is a good plan for professors and students to meet on friendly terms occasionally, and to try to join in bettering the conditions of a University, and will lead to better results than each side acting alone. This step in advance by President White should be met with approval and acceptance on the part of the student body who should join with the President and help make the experiment a success.

JUNIOR PROM BIGGEST EVENT OF THE YEAR

The Junior class is working harder this week than it has ever worked before to present the Senior class with a prom. worthy of the name, and the class in whose honor it is being given. The gym. floor will be a blaze of beauty Friday evening, and at the present date the dance promises to be the handsomest and most enjoyable dance ever given at the University.

The decorations will be very elaborate. The gym. floor will be entirely surrounded by arches of green and white lattice work supported at intervals by columns on which will be placed ferns. In the center of the arches will be placed palms and flowers. Wisteria blossoms will be entwined in the lattice work around the walks, giving a natural effect to the design. The track rail will be completely covered with mountain smilax from Pineapple, Alabama. An immense fern basket will be suspended in the center of the hall, and from each corner and opposite sides, festoons of brilliant incandescent lights will be strung. The lights will alternate frosted white and green.

A space in the southeast corner of the floor will be partitioned off for the orchestra. A gracefully curved wall of lattice and columns covered

with ferns and palms will conceal the orchestra.

The gym. floor will be worked on all day Friday in order to get it in good condition.

The famous Grella Orchestra of sixteen pieces will furnish the music for the evening, and will play a programme of twenty-four of the latest and prettiest waltzes and two steps.

The programmes will be in the form of green leather card cases, embossed in white and lined with silk.

The grand march will be led by President W. W. Stevenson of the Junior class and Miss Alice Cary Williams. Following them will come the ex-presidents of the Junior class, the President of the Senior class, and then the other couples present.

The Junior class asks the Idea to request all guests at the Prom. to please not destroy any of the decorations of the gym. It has been the usual custom for the dancers at other Proms. to tear up the decorations after the dance is over for souvenirs. The Junior class has promised to give some of the decorations for use at the annual Girls' Tournament. to be given Saturday afternoon, and therefore asks the guests of Friday evening to not molest the decorations.

THE IDEA TO BE PUBLISHED BY STUDENT BODY.

The Idea will be published next year by the student body. This was decided in chapel last Friday, when the Idea Syndicate turned over the paper and all its property to the student body. The Idea Syndicate believes that the paper can be run to better advantage, and believes that the better support will be given, if the paper is controlled and edited by the students.

The Syndicate, therefore, asked for a meeting of the student body on Friday at chapel hour and asked the student body to take charge. A motion was made that the offer of the Idea Syndicate be accepted, and that a committee be appointed composed of R. A. Edwards, chairman; Ben Logan, Bob Atkins, H. S. O'Roark, A. B. Philster, Ben Collins, James Boyd, and Professor Wilson, to form a constitution for the student paper of the University of Kentucky, to decide how the officers for next year to be elected, and to report their decision in chapel on Friday May 6th, at the regular chapel hour.

The best University publications of the country are controlled directly by the student body. There is no doubt but what the University of Kentucky should have a University paper, and the student body realizes this. They have determined to have a paper of their own and to support it as it should be supported.

The student body has taken a step in advance by their action on last Friday and in a year or two will see the value of their action.

The University that has been so long divided against itself is realizing the need for concerted efforts, and is joining in making the University such a one as the State of Kentucky needs and should have.

Mrs. Scovell entertained the ladies of the Faculty on Monday evening with a pleasant little informal. There were also present twelve young ladies of the University, two from each sorority, two from each literary society, and two from the Y. W. C. A. Those present enjoyed a very delightful evening, and all join in declaring Mrs. Scovell a very charming hostess.

CENTRAL NEXT WEDNESDAY.

Every student of the University who considers himself loyal to his alma mater is going to Danville next Wednesday to help the base ball team win the Kentucky championship from Central.

This one game means all that the team has been striving for the entire season. Central will have the advantage of playing on her own grounds, and will have all her wild but loyal Indians out to cheer their team to victory. We will have to counteract this some way and we will do it by sending over a hundred students to cheer the lads that wear blue and white stockings.

It is up to the students of State to show the athletic committee that it did the right thing in getting a first class coach, such as Mr. Ingels is. Foot ball is not the all important game. It is just as much an honor to be State champion in base ball as anything else, and this is the year that State's team must wear the laurels.

Manager Hall announces that all students who are going to support the team next Wednesday will meet at the Southern Depot about 10 o'clock Wednesday morning in order to board the 10:40 train for Danville. The round trip will be one dollar and forty cents (\$1.40), and the entire day need not cost over two dollars.

We have got to have at least one hundred rooters for that game, and we must show our college spirit by being one of the number.

Remember, 10 o'clock Wednesday morning at the Southern Depot.

GEORGETOWN SATURDAY.

Georgetown and all her supporters

will come over here next Saturday expecting to get revenge for the defeat State gave her base ball team last Saturday. Georgetown thinks that they have a better team than State has and they are going to try and prove it.

We know that Georgetown has the wrong impression, and we are going out to see our team show them their place next Saturday afternoon.

We will have to root some for Georgetown has a noisy bunch, and it would never do for us to accidentally lose the game, for it might mean the championship, and we expect to take that whether Central wants us to or not.

The Idea predicts that the score will be about six to one in State's favor, and that it is going to be a good game notwithstanding, for there is no doubt but that Georgetown has a good team.

the National Naval Academy at Annapolis has been subjected to disciplinary restrictions as a result of giving an officer the "Silence," which consists of death-like stillness at meal time, when noise is generally the feature. This is considered an affront towards the officer and in this case the privilege of leaving the Academy grounds was withdrawn for a number of days.

THE NEWSPAPER GUY.

I find a man pushing his way through the lines

"Oh, no; why that's one of those newspaper guys."

I see a man walk through the door of a show,
Where great throngs are blocked by the sign, "S. R. O."
"Is this man the star that no tickets he buys?"
"Star nothin'! He's one of those newspaper guys."

I see a man start on the trail of a crook,
And he scorns the police, but he brings him to book,
"Sherlock Holmes!" I inquire—Some one scornfully cries:
"Sherlock Holmes h—ll! Naw; that's one of those newspaper guys."

And some day I'll pass by the great Gates of Gold
And see a man pace through unquestioned and hold,
"A saint?" I'll ask, and old Peter's reply:
"No, he carries a pass—he's a newspaper guy."

Nellie—"Is that fellow of yours ever going to get up courage to propose?"
Belle—"I guess not—he's like our hour-glass."
Nellie—"An hour-glass?"
Belle—"Yes—the more time he gets, the less sand he has."—Ex.

MAUDE ADAMS IN "AS YOU LIKE IT."

All arrangements have been made with Mr. Chas. Frohman for the production of "As You Like It" in the Greek Theatre, with Maude Adams in the role of Rosalind. The date that has been fixed for the performance is Monday evening, June 6th. The committee was very loath to arrange for a performance on the campus, in the midst of the vacation, but when they realized that the performance would be more stupendous and magnificent than anything that had ever been staged in the Greek Theatre they yielded and granted the star the above date.

Maude Adams has studied much time and study to the play "As You Like It" and the finished production with all its carefully planned details, is expected to be one of the most ambitious dramatic performances ever given in the Greek Theatre.

One of the most effective features of the play will be the music which will be under the direction of Mr. William Furst leader of the orchestra of the Empire Theatre, New York. An exceptionally strong cast selected from Mr. Frohman's extensive list of actors in England, has been formed in the supporting company, headed by Arthur Byron and George Osborn.

It will readily be seen that this production is not a mere commercial undertaking on the part of the manager. He is simply, as he states, planning for this section of his territory a performance that will be as nearly equal to the memorable production of "Joan of Arc" in the Harvard Stadium as the more limited capacity of the Greek Theatre will permit.—California Daily.

Mr. McClung, of Ashland, was with his daughter, Miss Anna, the past week.

Mrs. A. E. Rhauer, of Cincinnati, has been with her daughter, Miss Belle, the past week.

Miss Gertrude Curd spent the week end at her home in Wilmore.

Mr. J. M. Duff visited friends in Shelbyville last week.

Miss Katherine Klein, who was called to her home on account of illness, has returned to school.

Miss Emma Mountjoy spent a few days recently with friends in Paris.

Sayre Notes

Miss Margaret Steele spent from Friday until Monday with Miss Sue Payne at Payne's Depot.

Miss Lena Lewis spent the week-end with Miss Jane Farrell.

Misses Fannie Bunce Loughridge, Patsy Hoyle, Annie May Field and Katherine Layson were the guests of Misses Sara and Ann T. James at "Walnut Lawn" last week.

Misses Bonnie and Lizette Gibbons were at their house in Winchester for a few days last week.

GEORGETOWN-STATE DEBATE.

The debate with Georgetown Friday night, the 29th, proved a glorious victory for the team representing "Old State," composed of Messrs. Balrd, Babb and Townsend. These men are members of the Class of '11, the first two matriculates in the Department of Education, and the last a student in the Department of Law.

The Georgetown team was composed of Messrs. Wells, Chandler and Graham. The question under consideration was whether or not women should be granted the privilege of voting,—with our boys denying them this right.

The arguments advanced by the negative were opened by Mr. Townsend, and closed by Mr. Balrd, and were absolutely invincible. Mr. Chandler probably produced the strongest arguments for the visiting team; and in his rebuttal made strenuous efforts to annihilate the arguments advanced by our boys, but his efforts were futile.

The consensus of opinion was that Babb had the strongest speech made by the negative.

The crowd was not a large one, but made up in enthusiasm what they lacked in numbers, and when the announcement was made that the judges were unanimously of the opinion that the negative had advanced the strongest arguments, the enthusiasm displayed was beyond description. The judges were President J. J. Tigert, of Kentucky Wesleyan; Prof. H. L. Calhoun, Transylvania; Mayor E. E. Hume, Frankfort; Hon. Charles Bell and Hon. J. P. Brouse.

GYM TOURNAMENT.

The annual Girls' Gymnastic Tournament will be given in the gymnasium Saturday afternoon at 3 p. m. A handsome silver loving cup, daintily tied with blue and white ribbon costing under five hundred dollars—that is the cup—will be presented to the most artistic performer. This cup must be won for two consecutive years to be kept. This is the fourth year that the cup has been given. Miss Sarah Carter won it the first year and Miss Mary Rodes won it the second and

third year, thus keeping the first cup. This is the second one offered.

Twenty of the most accomplished members of the class will present an ancient Greek modification of the Barn Dance. This is said to be very attractive and classy. The dancers will be dressed in the ancient Greek costumes in which the dance was originally given.

Among other things that will be presented by members of the class will be horizontal bar work, pyramid building, parallel bar stunts, tumbling, weight lifting, wrestling, and a ten round boxing contest between the two champion boxers of the class.

The entire student body is invited to the entertainment free of charge.

Reserved seats will be supplied for the foot ball and base ball teams. Young men are asked not to bring flowers for it may influence the judges. Come early and avoid the rush.

PARIS GAME.

Seventeen to Four in Their Favor Tells the Story.

Fourteen runs in the first inning was terribly tragic. However, after that our boys settled down and showed those Blue Grass Leaguers how to play ball. Burruss' home run was a beauty.

Aside from that first inning, Beatty pitched Big League ball, and with proper support would have blanked the Bourbonites in this session. With any kind of backing, such pitching would win nine out of ten games.

The decided feature of the game was the stealing of home by "Spot" and Burruss in the second inning, with two men down and two strikes on the batter. Such playing caused those Parisian bushers to open their eyes.

Reese's catching was a feature. It might also be incidentally mentioned that he batted 1,000.

Creal laced out a peach of a two-bagger, while Shawhan walloped the sphere for a beautiful single.

The Paris second baseman knocked the eyebrows off the ball every time he stepped to the plate.

In order to find out how many people were actually reading the paper, the editors of the Colgate Madisonian published the following news item in their exchange column: "The trustees of Haverford College have received an endowment of \$100,000 for the purpose of poisoning old professors." The large number of letters, comments, criticisms, and threats which resulted proved that the paper was widely read.

Miss May Sutton, woman's tennis champion of the world, met with her first defeat by a woman of this country on Saturday at Ventura, when Miss Hazel Hotchkiss, '10, won a match from her with a score of 2-6, 6-4, 6-0.

The match was played in excellent form. Miss Sutton easily took the first set and everything seemed to indicate that the next would go the same way. Miss Hotchkiss, however, put up a strong and cool-headed game. She took the lead at the beginning of the second set, and maintained it throughout, making good on every stroke. Miss Sutton worked hard, but seemed to lose a little of her usual tennis nerve in the last set.

Since the match was not played in an official tournament, Miss Sutton loses none of the titles she has previously earned.

The scholastic records of the University of Kansas students show that up to the present time the standing of the fraternity men is higher than that of the non-fraternity students.

KENTUCKY DEFEATS TENNESSEE

The U. of K. track team defeated the team representing the University of Tennessee 62 to 40 on Stoll field Saturday, April 30. A number of interesting events were pulled off.

In the 100 yard dash Latham of Tennessee won out over Needy by about 12 inches after a good race. In the 220 yard dash Watkins won out handily, keeping a good lead all the way.

Kentucky was especially weak on the hurdles. The field events saved the day for Kentucky, the score being 18 to 6 in favor of Tennessee after the three first events. Thompson for Tennessee cleared 5 feet 7 inches in the high, probably the best ever made on Stoll field.

Webb made the high number of points with 13 to his credit. Shanklin coming second with 11½. Webb's throw of the hammer for 120 feet, 5 inches, beat the southern record by several feet.

Following is a summary of the events and the winners of each:

100 yard dash—Latham, Tennessee, first; Needy, Kentucky, second. Time—10 4-5 seconds.

120 yard hurdle (first heat)—Donaldson, Tennessee, first; Chambers, Kentucky, second; (second heat)—Kesterson, Tennessee, first; Thompson, Tennessee, second. Kesterson was given first place and Donaldson second. Time—15 4-5 seconds.

Half mile—Thomas, Tennessee, first; Threlkeld, Kentucky, second. Time—2 minutes, 12 4-5 seconds.

Broad Jump—Shanklin, Kentucky, first, 19 feet, 7 inches; Thompson, Tennessee, second, 19 feet, 3 inches.

This meet gives U. of K. the decision over U. of T. so far as athletics are concerned for the present year, the former having won the foot ball game and the track meet, the latter having won two out of three base ball games.

A. T. O. DANCE.

The Alpha Tau Omega Fraternity entertained Friday evening with their annual dance at Merrick Lodge Hall. The ball room was beautifully decorated with pennants and coat of arms, while a canopy of smilax lent a Southern charm to the evening.

Saxton and Trost's orchestra furnished a well selected programme of twenty-four dances. The orchestra was seated on a raised platform in the alcove, prettily bordered by palms.

The programmes were novel and beautiful little card cases containing the list of patronesses, the names of the hosts and the list of dances.

The patronesses were: Mrs. Wickliffe Preston, Mrs. Walter E. Rowe, Mrs. C. D. Chenault, Mrs. C. Foster Helm, Mrs. A. M. Wilson, Mrs. I. Newton Combs, Mrs. P. H. Corbuser, Mrs. W. R. Shackelford, Mrs. Lovell Yerkes, Mrs. J. G. White, Mrs. L. K. Frankel.

The members of the fraternity who were the hosts of the evening are:

Messrs. A. E. Ewan, P. B. Blake-more, G. Becker, W. C. Fox, J. M. Foster, H. L. Moore, G. G. Dunlap, W. A. Wallace, R. M. Halley, B. H. Collings, R. L. Schmid, G. W. Faig, R. L. Jones, W. E. Hobson, J. du P. Oosthuizen

This is the first dance that the new fraternity has given, and the members are to be congratulated on one of the best dances of the season.

NO JUNIOR-SENIOR BASE BALL GAME.

The Senior class has taken no steps towards electing a base ball manager for the class team, and do not anticipate having a team this year. Hence one of the most important events of the spring term will not be pulled off, although the Juniors have elected a manager and hoped to get up a team with which to show the Seniors how to do a thing or two.

For the next two weeks we will offer the following:

HIGH BRIDGE.

The Senior and Junior Mechanical Engineering classes will go to High Bridge on Saturday, May 15th, to inspect the work being done on the Southern Railroad bridge there.

When the bridge was built, it was the highest in the world. The structure was condemned several years ago, and the railroad company decided to re-inforce the piers and build a double-track bridge. The new bridge will be thirty feet above the old one, and a steep grade on the west side will be thus removed.

FRESHMAN DANCE.

The Freshman Class has announced the evening of Friday, May the thirtieth, as the date for their dance, to be given in the Gymnasium.

This is a rather bold step to be taken by a Freshman Class, for although their intentions may be good, it is not the best form in the world for a Freshman class to take upon themselves the responsibility of giving a dance.

VARSITY VERSE.

(From Notre Dame Scholastic).

My Ideal.

Just a model from those gone
Place before the heart it won
As ideal.
'Tis to spur my footsteps on
In the path that this blest one
Does reveal.

Just a thought, or little cup
With good heart was offered up—
With great love.
'Tis the same that I should learn
And a priceless crown to earn
Up above.

The Hand with a Grip.

We could see the autos pass
As we sat there on the grass
By the street;
And a car went with a whirl—
In it sat a pretty girl,
Quite discreet.

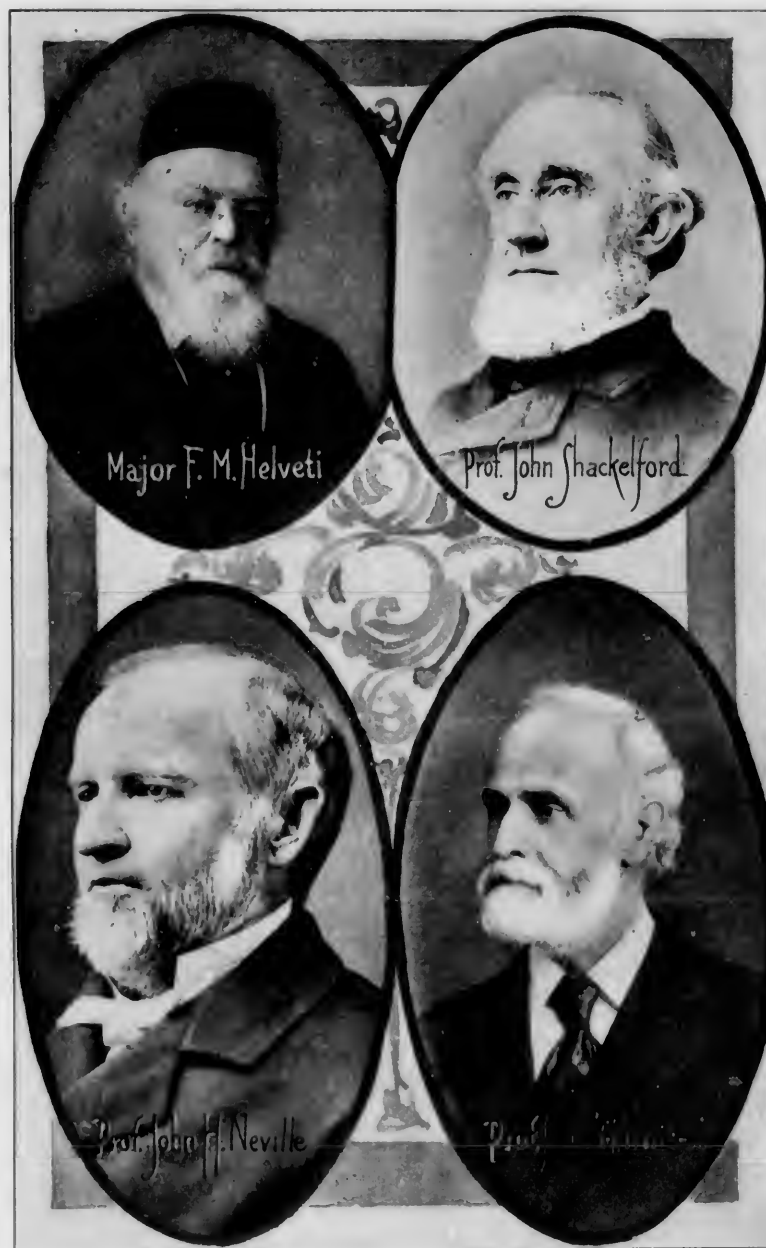

She was in a car of red,
And a veil hung o'er her head—
Streaming back.
With her hand upon the wheel
She held with a grip of steel
To the track.

What Is Said.

O the wisdom of this class
Not another can surpass.
So 'tis said.
And they're students one and all;
And a credit to the Hall
Is each head.

Just see how they get their task,
And you'll have no need to ask
Why they shine.
They can memorize so well,
They need read but once to tell
Every line.
